

**English** - poetry revision sheets on the VLE. A Christmas Carol revision pack and workbook.

**Maths** – revision grid for foundation and higher. ‘6 a day theme’, for 6 questions to be completed each day.

**Science** – Booklet for all Y11s. There is a separate booklet for triple scientists in a similar format. The booklet is mostly exam questions, along with a supplementary GCSEPod assignment that directly relates to the questions set.

**Computer Science** - several tasks to work through in the work books purchased and work on MyDynamicLearning.com

**Geography** - a booklet with information sheets for unit 1 and unit 2. Students given a series of exam questions with different command words and marks. Students then pick a selection of questions to answer which are worth a variety of marks.

**History** – Crime & Punishment: work through the questions in the workbook section of the revision book. Elizabeth: a work booklet on creating revision tools, etc. for the different topics. Germany: Exam questions to answer using the first part of the booklet where all the content is. American West: workbook where they will need to use their old exercise books to get the answers.

**French** - Y11 booklet with key vocabulary and some exercises in to do over Easter. They will also have a green book with all their speaking topics in to take home and learn. The revision booklet will have website links for them to do online revision too.

**H&SC** - Y10 past paper, a revision guide, and a PowerPoint to make a revision poster/leaflet on, with some questions also. Y11 - the only one it really matters to is Shelby, so I will give her some past papers and a revision guide with questions.

**Construction** - All yr 10 students to complete an online construction test on Quizstar – subject related exam revision, where the scores are recorded. They are to increase their previous score by 10% higher. There are only 2 students in yr 11 resitting – the same work has been requested from them.

**Catering** - A revision guide with sections 3.1-3.5 to complete. Y10 Easter revision work on the effects of cooking on food and food spoilage.

**Art & Photography** - Both year 10 and year 11 are working on their exam prep over the holidays. They have been given a revision guide to work from and have been invited back on April 3rd for a revision session.
